Dear Lou,

I did not sign any paper when I received the documents from the Swedish police. However I do believe that the police made a note that I received the documents the 18:th of February. As you know the licenses has been signed with a company (UNIBOARD AB) and not with me as an individual (the patent has been transferred to the company for many years ago and the agreement with IBM was made with UNIBOARD AB). The company has the same address as my private address. In order to make this clear I have signed a paper for changing registration at the US Patent office. Dr. Bertil Grennberg will send you this document. I will not be in Sweden next week.

Sincerely yours,

Håkan Lans
